Dean's Message

Dear Students and Valued Readers,

Welcome to the Faculty of Pharmacy at Near East University!

Our faculty is part of Near East University, the largest university on the island of Cyprus, which adorns the landscape of the Eastern Mediterranean. The Faculty of Pharmacy was founded in 2006 and graduated its first students in 2012. I would like to share with you the pride I feel in having been part of the establishment of our faculty. I am confident that when you become a member of this faculty, you too will be proud to be part of this educational institution.

Pharmacy is one of the most important links in the healthcare chain. Throughout history, it has been one of the most respected professions in all cultures.

Pharmacy is a profession that combines theoretical and practical education. In line with this, both our classrooms and our education and research laboratories have been planned and implemented with the most contemporary examples in mind.

As a faculty, our goal is to train you in the best possible way during the five years of education and training you will spend with us. To this end, we will equip you with up-to-date professional knowledge by entrusting you to our distinguished faculty members with contemporary knowledge and experience, while also preparing you for professional life. Pharmacy education is challenging, but equally enjoyable. If you want to become a true pharmacist, you must carefully combine all the knowledge you acquire and make it your own.

Our expectation is that, at the end of your education, you will take your place in society as a colleague who has mastered the ways of learning, keeps up to date in an environment where knowledge is rapidly expanding and renewing, values art and social development, and is honest and reliable.

I wish you all success. Welcome to our community!

Prof. Dr. İhsan ÇALIŞ

Dean

Faculty of Pharmacy

About Us

HISTORY

Prof. Dr. İhsan ÇALIŞ, Dean of the Faculty of Pharmacy and Founding Member

What I will write here is not merely the history of the Faculty of Pharmacy. The Faculty of Pharmacy at Near East University (NEU) Health Campus paved the way for the subsequent establishment of the Faculty of Dentistry, the Faculty of Health Sciences, the Faculty of Medicine, the NEU Hospital, the Faculty of Veterinary Medicine, and the NEU Animal Hospital.

The decision to establish the Faculty of Pharmacy and the laying of its foundation took place in March 2006. By September of the same year, a five-storey faculty building was completed, housing 12 classrooms, a cold storage facility, and nine modern laboratories, each with a capacity of approximately 40 students. In addition to student laboratories for Analytical Chemistry, Pharmacology and Toxicology, Pharmaceutical Botany and Pharmacognosy, and Pharmaceutical Technology, the building also included specialized facilities such as the Cell and Tissue Culture Laboratory, the Central Instrumental Analysis Laboratory, and the Pharmaceutical Technology Research and Development (R&D) Laboratory, all designed to support both applied education and scientific research.

The interior design of the laboratories was planned by distinguished faculty members from leading Turkish universities, primarily Hacettepe University, as well as Gazi University and Anadolu University. The laboratories were equipped by WALDNER, a globally renowned German company. Depending on their specific requirements, the laboratories were outfitted with fixed and mobile fume cupboards, continuous supplies of deionized water, vacuum, compressed air, and nitrogen gas. Each laboratory was further complemented with three auxiliary rooms: a preparation room, a weighing room, and a storage facility for essential chemicals and solvents.

The Instrumental Analysis Laboratory was equipped with chromatography systems essential for Analytical Chemistry, including HPLC and HPTLC. Additional shared equipment distributed across the laboratories included a lyophilizer, micropolarimeter, precision balances, microwave reactor, ovens, refrigerators, deep freezers, vacuum rotary evaporators, vacuum pumps, viscometer, ice maker, ultrapure water production system, and a glassware washing machine. The Pharmaceutical Technology Research and Development Laboratory was designed for the preparation of liquid, solid, and semi-solid dosage forms and was fitted with high-quality equipment, including granulators, dragee production machines, mills, tablet presses, disintegration and friability testers, mixers, dragee coating pans, and a compaction simulator.

A microscopy laboratory for macroscopic and microscopic drug analysis was prepared for joint use by the Departments of Pharmacognosy and Pharmaceutical Botany. A computer laboratory was also established for student use, while wireless internet was installed in every classroom and laboratory. In short, all the equipment and infrastructure necessary for pharmaceutical education were fully established within a remarkably short period.

Our Founding Rector, Dr. Suat GÜNSEL, had a grand vision: to provide the citizens of the island with the same level of healthcare assurance enjoyed by those on the mainland. When I first met him in early March 2006, he stopped roughly 10 meters behind the current site of the Faculty of Pharmacy and, with his hands, outlined the future locations of the Faculties of Pharmacy, Dentistry, and Medicine, with the hospital building positioned among them. Today, in addition to these, the campus also includes the Innovation Center housing one of the world's fastest computers, the Faculty of Veterinary Medicine and Animal Hospital, as well as the Faculty of Health Sciences, the Faculty of Nursing, and the School of Health Sciences.

As the very first unit of this vast health complex, the Faculty of Pharmacy was established with state-of-the-art infrastructure and equipment that few universities and faculties worldwide can boast. While our Founding Rector Dr. Suat GÜNSEL realized his ideal, we, the founding members, also succeeded in building the faculty of our dreams.

With its robust educational opportunities and strong academic staff, Near East University carries an international identity and a long-standing tradition of education. Since 1988, it has served as a center of education, science, and culture. Alongside world-class educational and infrastructural facilities, NEU is distinguished by its qualified academic staff and multicultural identity. As one of the most important scientific and cultural centers of the Mediterranean, NEU is committed to nurturing self-confident, responsible, rational, creative, innovative, research-oriented, and free-thinking individuals.

Guided by this vision, NEU has achieved significant international success. In the Times Higher Education (THE) World University Rankings 2025, it secured a place within the 601–800 band, maintaining its title as “the best university in Northern Cyprus,” ranking among the top five universities in Turkey overall, and among the top three foundation universities. In the US-based US News & World Report “Best Global Universities 2024–2025” list, NEU ranked 689th globally, 7th in Turkey, and 1st in Northern Cyprus.

According to THE Impact Rankings 2025, the university was ranked 43rd globally for its work aligned with the United Nations Sustainable Development Goals (SDGs), 35th in “Partnerships for the Goals,” 48th in “Good Health and Well-Being,” 13th in “Quality Education,” 15th in “Sustainable Cities and Communities,” and 57th in “Gender Equality.” In subject-based rankings, it placed within the 200–250 band in Physical Sciences, 250–300 in Computer Science, 300–400 in Engineering and Education, 500–600 in Social Sciences, 600–800 in Life Sciences, and 800–1000 in Medicine and Health. Notably, in the fields of Physics and Computer Science, it shared the title of “the best Turkish university” among institutions in Turkey and Northern Cyprus.

Furthermore, NEU has secured a strong position among young universities through its performance in teaching, research, and international outlook. In the Times Higher Education Young University Rankings 2024, it ranked 139th worldwide among universities under 50 years of age, highlighting its dynamic, research-oriented identity.

NEU has also achieved distinction in the Shanghai Ranking’s 2024 Global Ranking of Academic Subjects. In Physics, it was ranked among the world’s top 400 universities, placing alongside Boğaziçi University and Bilkent University as one of Turkey’s top institutions in the field. In Mathematics, it ranked within the 401–500 band, positioning itself among the top three in Turkey. These achievements reflect NEU’s strong research infrastructure in fundamental sciences, its distinguished academic staff, and its globally recognized publication performance.

Faculty Organization Chart

Why the Faculty of Pharmacy?

The Near East University Faculty of Pharmacy is not only the most established and ambitious faculty in its geographical region but also holds the distinction of being the first Faculty of Pharmacy on the island. Offering both Turkish and English language programs, our faculty provides students with a reliable and high-quality learning environment, equipping graduates for strong careers at both national and international levels. Our alumni encounter no difficulties in securing employment.

Unlike other universities in the region, our faculty stands out with its own dedicated building, classrooms, and state-of-the-art laboratories. Each department has its own laboratory, while our student laboratories are distinguished by their modern equipment and laboratory safety standards. Our competent, experienced, young, and dynamic academic staff, who closely follow developments in their fields, strengthen our student-centered educational philosophy. With technologically equipped classrooms and innovative teaching methods, we ensure the highest levels of student satisfaction.

Our faculty is not merely an institution that delivers education; it is also an active center of scientific research, developing projects in collaboration with industry and continuously renewing itself in line with its goals. It contributes to society in the region by providing high-quality knowledge of pharmacy and pharmacotherapy, while also fostering a sense of social responsibility among our students.

The presence of students from diverse countries transforms our faculty into a multicultural educational environment that builds international bridges. It creates an atmosphere in which students from all worldviews and cultures study together in mutual tolerance and solidarity. Beyond the curriculum and scientific training, social activities, student clubs, and strong communication mechanisms with faculty members support the academic as well as social development of our students.

With all these features, the Near East University Faculty of Pharmacy stands as a strong center of science and life-preparing students for the future, strengthening their professional competencies, and contributing to their social and cultural development.

Program Information

The primary objective of the Pharmacy Program is to educate competent, well-equipped, and competitive pharmacists who can meet the contemporary needs of the healthcare and pharmaceutical sectors. The curriculum is designed not only to provide students with solid theoretical knowledge but also to foster practical skills through laboratory training and clinical experience. The program is further enriched with courses in English, enabling students to develop strong international communication skills and preparing them to actively contribute within a global healthcare context.

The courses offered cover drug development, pharmaceutical technology, clinical pharmacy, and pharmaceutical sciences, with a strong emphasis on keeping pace with current advancements in the field. The program also aims to train professionals proficient in information and communication technologies. In addition, one of the foremost priorities of the program is to cultivate individuals who can express themselves freely, demonstrate critical and creative thinking, and embody a research-oriented and entrepreneurial vision.

Degree Awarded

Students who successfully complete the program are awarded a Bachelor's Degree in Pharmacy.

Admission Requirements

Within the framework of the regulations set by the Turkish Council of Higher Education (YÖK), admission to this undergraduate program is carried out through the university entrance examination called YKS. Following the declaration of their academic program preferences, the Student Selection and Placement Center (ÖSYM) places students into the relevant program according to the scores they obtain in ÖSYS.

International students are admitted to this undergraduate program based on their scores from one of the international examinations such as SAT, ACT, etc., or their high school diploma grades.

The admission of exchange students is carried out according to the conditions specified in bilateral agreements signed between Near East University (NEU) and its partner universities.

Guest students may register for the courses offered in this program with the approval of the relevant academic unit. In addition, since the medium of instruction at NEU is English, they are required to provide proof of their English language proficiency.

Graduation Requirements and Regulations

In order to graduate from this undergraduate program, students must have a Cumulative Grade Point Average (CGPA) of not less than 2.00 out of 4.00 and must successfully complete all courses in the program with a minimum letter grade of DD/S. The minimum number of ECTS credits required for graduation is 300.

Recognition of Prior Learning

At Near East University, full-time students may be exempted from certain courses within the framework of the relevant regulations. If the content of a course previously taken at another higher education institution is equivalent to a course offered at NEU, the student may be granted exemption from that course upon evaluation of the course content and approval by the relevant faculty/institute.

Program Details

The primary objective of the Pharmacy Program is to educate competent, well-equipped, and competitive pharmacists who meet the needs of contemporary healthcare and the pharmaceutical sector. The program aims to provide students not only with theoretical knowledge but also with practical skills supported by laboratory applications and clinical experience. The educational process is further enriched with courses offered in English, enabling students to develop their international communication skills and thus graduate as individuals capable of playing an effective role in the global healthcare environment.

The courses offered within the program are designed to train professionals who are proficient in information and communication technologies, closely follow current developments in drug development, pharmaceutical technology, clinical pharmacy, and pharmaceutical sciences. In addition, one of the program's main priorities is to cultivate individuals who can express themselves freely, possess critical and creative thinking skills, and demonstrate a research-oriented and entrepreneurial vision.

Program Learning Outcomes

- Acquires up-to-date knowledge of fundamental concepts, theories, and practices in the field of pharmacy.
- Gains the ability to develop solutions to problems encountered in the processes of drug development, production, storage, distribution, and patient use.
- Applies knowledge and skills at national and international levels in core areas such as pharmaceutical technology, pharmacology, toxicology, clinical pharmacy, and biopharmaceutics.
- Effectively employs quantitative and qualitative analytical methods in clinical decision-making processes and drug therapy management.
- Develops proficiency in using digital tools, software, and laboratory technologies commonly applied in pharmacy practice.
- Communicates accurately with patients, colleagues, and healthcare professionals by using clear, effective, and professional oral and written language.
- Enhances skills in accessing, analyzing, interpreting, and solving problems within the context of healthcare services and pharmacotherapy.

- Observes and evaluates drug and therapy opportunities within national and international healthcare systems, acting in accordance with ethical principles, environmental sensitivity, and social responsibility.
- Synthesizes information through analytical and critical thinking, expressing solutions in line with scientific data, cultural awareness, and ethical values.
- Communicates and collaborates effectively in at least one foreign language within international healthcare institutions.
- Actively participates in international and multicultural healthcare teams, while developing leadership, teamwork, and coordination skills.
- Adopts a lifelong learning approach, sustaining personal and professional development and encouraging others to do the same.
- Designs and implements social responsibility projects that prioritize societal benefit at both national and international levels.

Program Structure

The undergraduate Pharmacy program consists of a total of 96 courses amounting to 300 ECTS credits. In the first year, the fall and spring semesters mainly focus on common compulsory courses, while also introducing students to the fundamental courses of pharmacy. Beginning from the second year, students undertake core pharmacy courses, experimental laboratory training, and pharmacy internships.

The student course load has been structured in line with the principles of the Bologna Process, corresponding to a semester workload of 30 ECTS credits. Each program includes the common compulsory courses determined by the Turkish Council of Higher Education (YÖK) as well as other common courses designated by the University Senate. Starting from the second year, elective courses are offered each semester. Every undergraduate program includes a minimum of 12 elective courses.

The five-year program structure and the list of elective courses are presented below:

Faculty of Pharmacy 5-year Course Program

	1 st Semester					
CODE	COURSE NAME	C/E	T	P	C	E

Additional Information

To be eligible for graduation, students are required to complete a total of 300 ECTS credits. Pharmacy students must successfully complete both compulsory courses and technical elective courses in order to reach the total of 300 ECTS credits. Otherwise, they will not be considered to have fulfilled the graduation requirements of the program.

In our programs, a 70% attendance requirement is applied for all courses. Students who fail to meet the required attendance are assigned the letter grade NA (Never Attended) for the respective course. The NA grade is given to students who do not fulfill the specified attendance requirement and consequently lose the right to participate in the end-of-term evaluations. The NA grade is not included in the grade point average calculation. In the following semester, students are again required to meet the 70% attendance condition for the same course. However, for courses in which the student has received a failing grade (FF), the 70% attendance requirement does not apply upon course repetition.

Important Notes on Elective Courses

Pharmacy program students are required to complete 12 elective courses in order to graduate. These courses must be selected from the elective course list of the program. Courses not included in this list cannot be accepted as electives. The ECTS credits of the elective courses must be equal to or greater than the credits specified in the curriculum.

Exam Regulations, Evaluation and Grading

At our university, student performance is generally assessed through in-person examinations, including a midterm exam and a final exam. However, in some courses, alternative assessment methods—such as project assignments, presentations, homework, quizzes, and group work—are also employed to encourage active participation and evaluate a range of skills.

The method of assessment for each course may vary depending on the nature of the course and the instructor's approach. Assessment criteria are communicated to students at the beginning of the semester and are clearly outlined in the course syllabus.

The final course grade is calculated based on the weighted average of all evaluations conducted throughout the term, including exams, assignments, and any additional components. Therefore, students are expected to actively engage not only in exams but in all forms of assessment during the semester. At Near East University, students receive one of the letter grades described below for each course, based on the assessment conducted by the course instructor. Each letter grade corresponds to a specific ECTS credit weight.

NOT	HARF NOTU	KATSAYI	AKTS NOTU
90-100	AA	4.0	A
85-89	BA	3.5	B*
80-84	BB	3.0	B*
75-79	CB	2.5	C*
70-74	CC	2.0	C*
60-69	DC	1.5	D
50-59	DD	1.0	E

49-00	FF	0.0	F
-------	----	-----	---

To be considered successful in a course: Students in **Level 5 (Associate)** and **Level 6 (Bachelor's)** programs must receive at least a **DD.**, Students in **Level 7 (Master's)** programs must obtain at least a **CC.**, Students in **Level 8 (Doctoral)** programs must earn at least a **BB.** For non-credit courses not included in GPA calculations, students must receive an **S (Satisfactory)** grade.

In addition to local letter grades, each grade has an **ECTS equivalent**, which facilitates student mobility between institutions. The grading table above is used for all courses offered by Near East University.

Besides standard letter grades, the following special grades may also appear on student transcripts:

Grade Meaning

I	Incomplete
S	Satisfactory
U	Unsatisfactory
P	Successful Progress
NP	Not Successful Progress
EX	Exempt
NI	Not Included
W	Withdrawal
NA	Never Attended

I (Incomplete): Assigned to students who fail to complete course requirements due to a valid reason approved by the instructor. Students must fulfil all outstanding obligations within one week after the official grade submission deadline. In exceptional cases, the deadline may be extended up to two weeks before the start of the next semester by the relevant academic board. Failure to meet the requirements within the given timeframe results in an automatic **FF** or **U** grade.

S (Satisfactory): Given to students who successfully complete non-credit courses.

U (Unsatisfactory): Given to students who fail non-credit courses.

P (Successful Progress): Assigned to students in courses with multi-semester requirements, where GPA is not calculated, and progress during the term is deemed satisfactory.

NP (Not Successful Progress): Assigned when expected progress is not achieved in multi-term courses that do not count toward GPA.

EX (Exempt): Given to students exempt from a specific course in the curriculum.

NI (Not Included): Indicates a course that is listed on the transcript but not included in the GPA calculation or official program requirements.

W (Withdrawal): Assigned when a student withdraws from a course between the 3rd and 10th week of the semester with approval from both their academic advisor and course instructor. Withdrawals are not allowed during the first two semesters. A student may withdraw from a maximum of **two courses** in associate programs and **four courses** in bachelor's programs. Courses with a prior **W** grade that did not affect the GPA cannot be withdrawn from again. The student must retake the course in the first term it is offered again.

NA (Never Attended): Given to students who fail to meet the minimum attendance requirement and lose the right to participate in final assessments. This grade is not included in the GPA.

On all student transcripts, both national letter grades and their corresponding ECTS equivalents are shown.

Graduation Requirements

Successfully complete all courses in the program curriculum with a minimum grade of DD/S, earning at least 300 ECTS credits.

Attain a Cumulative Grade Point Average (CGPA) of at least 2.00 out of 4.00.

Academic Calendar 2025-2026

	FALL TERM
July 01, 2025; Tuesday	Intern Rotations Commence for Year 6: Faculty of Medicine
September 08, 2025; Monday	Last Day for the 1st Payment of the Fees (Full Payments and 1st Instalment)
September 08, 2025; Monday	Classes Commence for Years 2, 3, 4 and 5: Faculty of Medicine
September 08-12, 2025; Monday-Friday	Courses to be assigned to the Academic Staff
September 11-15, 2025; Thursday Monday	Activation of the Courses

	FALL TERM
September 08, 2025; Monday	Classes Commence for Years 1 and 2: Faculty of Medicine
September 15, 2025; Monday	English, Arabic and Turkish Proficiency Exams for Undergraduate Students
September 15-19, 2025; Monday-Friday	Course Registration
September 18, 2025; Thursday	English Language Proficiency Exam for Postgraduate Students
September 19, 2025; Friday	Last Day for Postgraduate thesis juries
September 22, 2025; Monday	Classes Commence (including the Preparatory Schools)
September 30, 2025; Tuesday	Exemption Exam for Common Courses (Courses in English)
October 02, 2025; Thursday	Exemption Exam for Common Courses (Courses in Turkish)
October 08, 2025; Wednesday	Last Day for the Payment of the 2nd Instalment of the Fees (for 8 Instalments)
October 08, 2025; Wednesday	Last Day for Changing the "I" (Incomplete) Grades for the Previous Term
October 10, 2025; Friday	Last Day for International Students to Withdraw
October 10, 2025; Friday	Last Day for Add/Drop
October 24, 2025; Friday	Last Day for Late Registration
October 29, 2025; Wednesday	Public Holiday
November 07, 2025; Friday	Last Day for Add/Drop for New International Students

	FALL TERM
November 08, 2025; Saturday	Last Day for the Payment of the 3rd Instalment of the Fees (for 8 Instalments)
November 08-14, 2025; Saturday Friday	Mid-term Exams
November 15, 2025; Saturday	Public Holiday
November 17-21, 2025; Monday- Friday	English Preparatory School Module 1 Final Exams
December 08, 2025; Monday	Last Day for the Payment of the 4th Instalment of the Fees (for 8 Instalments)
December 08, 2025; Monday	Identification of Courses for the Following Academic Term and Commencement of the Work on the Timetable
December 19, 2025; Friday	Last Day for Withdrawal
December 23, 2025; Tuesday	Last Day for Entry of NA Grades into the System
December 25, 2025; Thursday	Administrative Holiday for Students
December 30, 2025; Tuesday	Last Day of Classes
January 01, 2026; Thursday	Public Holiday
January 02, 2026; Friday	Administrative Holiday for Students
January 05-14, 2026; Monday Wednesday	Final Exams

FALL TERM	
January 08, 2026; Thursday	Last Day for the Payment of the 2nd Instalment of the Fees (for 2 Instalments)
January 08, 2026; Thursday	Last Day for the Payment of the 5th Instalment of the Fees (for 8 Instalments)
January 12-18, 2026; Monday-Sunday	Semester break for Year 4: Faculty of Medicine
January 17, 2026; Saturday	Last Day for the Grade Submission
January 19-23, 2026; Monday-Friday	English Preparatory School Module 2 Final Exams
January 20-21, 2026; Tuesday-Wednesday	Graduation Ceremonies
January 26-08 February 2026; Monday-Sunday	Semester break for Years 1, 2 and 3: Faculty of Medicine
February 02-08, 2026; Monday-Sunday	Semester break for Year 5: Faculty of Medicine
SPRING TERM	
January 29-30, 2026; Thursday-Friday	Courses to be assigned to the Academic Staff
February 02-03, 2026; Monday-Tuesday	Activation of the Courses
February 02-06, 2026; Monday-Friday	Diploma Distribution

	FALL TERM
February 04-06, 2026; Wednesday-Friday	Course Registration
February 05, 2026; Thursday	First English Language Proficiency Exam of the Semester for Postgraduate Students
February 06, 2026; Friday	Last Day for Postgraduate thesis juries

Registration and Admission Procedures

International Student Affairs is in the Faculty of Communication building and is open from Monday to Friday, between 08:00 and 17:00. Students can obtain information about faculties, complete registration procedures, and

request documents such as exam entrance certificates, student certificates, and transcripts from the International Student Affairs Office.

Course Registration

Course registration is conducted online each semester. After completing the semester tuition payment, students can register for their courses via the online system at <http://ogrsis.neu.edu.tr>.

To access this system, each student is provided with a student ID number and a personal password by the faculty secretary. After selecting their courses through the system, students must also obtain approval from their academic advisors via the same platform.

The registration process is also outlined on the university's official website. However, students who have not paid their tuition fees or submitted their payment receipts to the Student Affairs Office will not be able to proceed with online registration. Final approval of course registration is completed by the academic advisors of the department.

Additionally, students may complete course registration by meeting in person with their academic advisors within their departments. During the registration period, as indicated in the academic calendar, students are expected to consult with their advisors for course selection and academic guidance.

Add/Drop and Withdrawal

Each semester, specific Add/Drop and Course Withdrawal dates are determined and announced in the academic calendar. During this period, students can attend their registered courses and, if they wish, make changes by adding or dropping courses. All course withdrawal, course change, or course addition procedures must be completed within the dates specified in the academic calendar. Students must consult with their academic advisors to carry out the requested changes.

Lateral and Vertical Transfers

Students who wish to apply for a lateral or vertical transfer must apply to the Student Affairs Office. After the application is approved, the student must provide an official transcript from their previous university to the department they have been admitted to. Before the student begins their education, the Department Head/Dean and the assigned academic advisor will evaluate whether the courses previously taken are equivalent to the courses in the current program.

For students who are citizens of the Republic of Türkiye, the rules regarding transfers to Near East University can be reviewed at the following links in accordance with the Council of Higher Education (YÖK) and university regulations:

<http://www.yok.gov.tr/4767>

<https://neu.edu.tr/wp-content/uploads/2023/05/29/YDU-Yatay-Gecis-Yonetmeligi-29.05.2023.pdf>

Communication with Academic Staff

Subject	Description
Course Materials and Content	All course materials, weekly content, and announcements are shared via the UZEBIM platform: https://uzebim.neu.edu.tr/
Email Communication	You can contact academic staff through their institutional email addresses .

Face-to-Face Meetings	You can meet with academic staff during their office hours , which are posted on their office doors in the faculty building.
Academic Staff Information	CVs and contact information of academic staff are available at: https://hukuk.neu.edu.tr/kisiler/akademik-personel/

Class Attendance and Excused Absences

Students are required to attend at least 70% of the total course hours for each course. If a student is unable to attend an exam, they must submit their medical report (issued by Near East University Hospital or a state hospital) within 3 working days following the exam date. Otherwise, the student will lose the right to take the make-up exam.

Students are responsible for following the make-up exam schedule through the university's announcements page or the instructor's personal page. If a student misses a previously announced make-up exam without valid excuse, they will lose the right to take that exam.

International Student Office

Near East University International Student Office provides support and counselling in the educational and social lives of foreign students studying at our university, from registration to graduation. International Student office ensure that international students who study at our university return to their countries fully equipped with good memories and that more students from these countries apply to our university.

International Student Office Working Hours:

Monday to Friday 08:00 – 17:00.

Closed on official holidays.

International Student Office Contact Information:

Director of International Student Office: Asst. Prof. Dr. Rana Serdaroglu

Phone: 0392 223 6464

E-Mail: rana.serdaroglu@neu.edu.tr

Campus Life

Library

Located directly across from the Faculty of Economics and Administrative Sciences building, the Grand Library features over 1,000,000 open-shelf books, 150 million electronic journals, 7,000 DVDs, 17 film viewing booths, 12 individual and group study rooms, 4 lecture halls with 1,000 seats, a theatre hall with a capacity of 350, a cafeteria for 600, and 600 study desks. This makes it a world-class cultural and information-access centre. The library is open 24/7 and is free of charge. The information centre, equipped with the latest digital technologies, is accessible from anywhere via the internet. Students can also access information throughout the campus via wireless internet.

Social Activities and Student Clubs

Students can participate in various activities throughout their studies, including university-sponsored conferences and club activities that encourage social engagement. Some active clubs include the Law Club, Nature and Sports Club, Scientific Research and Health Club, Theatre Club, Photography Club, and Tango Club. For more information, visit:

<https://neu.edu.tr/kampusteyasam/sosyal-ve-kulturel-kulupler/>

The campus also features the country's first and only Olympic Indoor Swimming Pool, covering 2,700 m², with a height of 16 meters, dimensions of 50 x 21 meters, 3,100 tons of water capacity, central heating, 1,000 spectator seats, and diving towers at 3, 5, 7, and 10 meters. Swimming courses are offered in both summer and winter.

<https://neu.edu.tr/kampusteyasam/olimpik-kapali-yuzme-havuzu/>

Psychological Counselling Services

Since 1995, the university has offered free psychological counselling. The Counselling Centre is located on the first floor of the Faculty of Law building. It operates by appointment and is open weekdays from 09:00–13:00 / 14:00–16:00.

Office of the Dean of Students

This office aims to provide an integrated university life where students and alumni feel supported in all aspects of their personal, cultural, social, and professional development. The Dean of Students offers various services and programs to support academic and personal growth, instilling a sense of confidence in students as they prepare for life beyond graduation.

Units under the Dean of Students include Student Counselling and Communication Unit, Psychological Counselling Unit, Student Activities Unit, NEU ideas Unit, Career Planning Unit, Social Responsibility Projects Unit, Students with Disabilities Unit, Alumni Affairs Unit. If you require support in accessing courses due to a disability, please contact the Accessible Support Unit: engelsiz@neu.edu.tr

Student Counselling and Communication Unit

In cases where students face unexpected or uncontrollable circumstances that affect their academic responsibilities, they can submit petitions through the online system or via email for issues such as refunds, academic matters, job applications, accommodation, or financial concerns: petitions@neu.edu.tr

Sports Facilities

The university offers a wide range of modern sports facilities to promote a healthy lifestyle among students, staff, and faculty. Facilities include an Olympic swimming pool, tennis courts, football fields, gymnastics halls, and both indoor and outdoor sports complexes.

Our Olympic Indoor Swimming Pool has a 1,000-seat capacity, modern amenities, and a café. Activities such as water polo, diving, and synchronized swimming, as well as swimming lessons, are regularly held. The Sports Tower is a high-tech fitness centre for all age groups, offering classes and sessions in: Fitness, Step, Aerobics, Spinning, TRX, Kangoo Jumps, Pilates, Yoga, Boxing, Karate, Dance education, Nutrition & diet services, with special sections for children

and women. RA25 Sports Hall hosts competitions in basketball, handball, volleyball, and badminton, and functions as a venue for ceremonies and concerts with its advanced sound system.

<https://neu.edu.tr/kampuste-yasam/spor/>

<https://neu.edu.tr/wp-content/uploads/2018/12/21/spor-kule-brosur-21.12.18.pdf>

Atatürk Culture and Congress Centre (AKKM)

This state-of-the-art venue hosts national and international congresses, seminars, conferences, and cultural events. It features various-sized meeting halls, modern audiovisual equipment, and spaces for art exhibitions, concerts, theatre performances, and more — enhancing campus life through arts and culture.

<https://neu.edu.tr/kampuste-yasam/aturk-kultur-ve-kongre-merkezi/>

Restaurants and Cafeterias

The campus features a wide range of food and beverage outlets, including the Main Cafeteria, Faculty Cafeteria, Hospital Cafeteria, and others with a total service capacity of 4,500 people. Across campus, there are 22 cafes and restaurants offering healthy, affordable meals, with options for vegetarians and vegans.

Some of the dining facilities include:

Cafe Hastane 1 & 2, Cafe Bigla, Cafe Dental, Cafe Ecza, Cafe Saray, Chicken House, Cafe Library, Cafe Bridge, Cafe Veterinerlik, Gusto Cafe, Cafe Sağlık, Vitamin Cafe, Cafe 535, Cafe AKKM, Book Cafe, Cafe Laundry, Hospital Restaurant, Kebap House, Pizza Pizza, The Kaffo, Bakery & Patisserie, and the 9th Floor Restaurant.

For more information:

<https://neu.edu.tr/kampuste-yasam/kantin-ve-kafeteryalar/>

Market & Supermarket

IKAS Supermarket

Located on our campus, IKAS Supermarket serves campus residents with a wide range of products and extended working hours to meet all their daily needs. Additionally, there is a branch of IKAS Supermarket located under Dormitory Building 1, designed to serve students' essential needs.

Working Hours:

Weekdays/Weekends: 07:30 – 22:00

IKAS Supermarket Express

IKAS Supermarket Express, located within the Near East Campus at Near East Fuel Station, is open 24/7. Discounts available to Near East Group employees are also valid at this location.

NEU Event Park Drift Area

For those seeking speed, control, and excitement, NEU Event Park Drift Area offers an unforgettable driving experience. Under the supervision of two expert instructors, you will not only learn how to drift, but also improve your safe and effective driving techniques. Tire and fuel costs are included in the training packages. Each session lasts 30 minutes.

NEU Event Park offers 4 different training packages, tailored to various expectations. There is even a special course for young car enthusiasts: children aged 6–12 can participate in a manual driving course designed especially for them. For international visitors, accelerated 3-lesson programs are available to help them quickly learn the basics of drifting. Upon successful completion of the training program, a certificate of participation is awarded to all participants (excluding tourist guests and children’s courses). The drift area can also host special events such as birthday parties and concerts.

Working Hours:

- Weekdays: 16:00 – 21:00
- Weekends: 09:00 – 21:00 Flexible closing hours are available for special events or upon request.

For detailed information about packages and pricing: Phone: +90 548 821 21 24

Accessible Cinema Hall

The newly renovated “Accessible Cinema” Hall at the Faculty of Communication, Near East University, offers a modern and inclusive experience for cinema enthusiasts and event participants. Originally launched in 1997 with the support of Telsim, the hall has recently undergone a comprehensive renovation and is now more equipped and comfortable than ever.

The Accessible Cinema features 40 fixed seats, with a flexible setup that can accommodate up to 60 people when needed. It is equipped with a state-of-the-art projection system compatible with all types of computers and has a powerful sound system to ensure an enhanced audio experience.

One of the hall’s most significant features is its fully accessible ramp, which provides seamless access from the outside entrance to the seating area, allowing individuals with disabilities to enjoy events without barriers. In addition to film screenings, the Accessible Cinema is also physically suited for mini workshops and various events.

IKAS Patisserie & Bakery

One of the most popular spots on the Near East University campus, IKAS Patisserie & Bakery welcomes guests with a delightful atmosphere and a wide variety of delicious offerings. The venue has a total seating capacity of 40 people, including 20 indoor and 20 outdoor seats, allowing visitors to enjoy their time both inside and in the open air. In addition to meeting the university’s in-house needs for cakes, pastries, savoury snacks, desserts, and ice cream, IKAS Patisserie & Bakery also serves fresh and tasty products to external guests. Soon, it plans to expand its kitchen and begin producing its own bread. For those focused on healthy living, specially made diet desserts and drinks designed for pre- and post-workout consumption will also be available.

With an extensive menu of hot and cold beverages, the patisserie caters to all tastes and also takes custom orders for birthday cakes and special celebrations. The outdoor garden area has been designed to offer enjoyment all year round — cool shaded areas in summer, and warm cozy spots with stoves in winter. Parking is available for guests, and the venue especially welcomes those seeking a peaceful breakfast experience on weekends. On Saturdays and Sundays, rich classic and English breakfast options are served until noon — a perfect way to start your day!

Opening Hours: Weekdays / Weekends: 07:00 – 01:00

Photocopy Services

Near East University offers photocopying and printing services at various locations across campus for students and staff. These service centres aim to provide fast and reliable solutions for educational and academic needs. Photocopy centres are available in faculties with high printing demands, such as the Faculty of Architecture, Faculty of Medicine, and Faculty of Education. These centres offer specialized printing services, including large-format AutoCAD printouts for architecture students. Additionally, thesis binding services are available for students preparing their theses. Along with basic services like photocopying and printing, document scanning and various binding options are also provided. A stationery shop within the Near East University Library offers services such as photocopying and thesis binding.

Architecture Faculty Branch: +90 546 990 01 05

Nuroğlu Stationery (Library): +90 533 866 89 36

Bank & ATM

On campus, you will find branches of Near East Bank and Türkiye İş Bankası, as well as an ATM for Ziraat Bankası. These banking services are conveniently located to ensure that both students and staff can easily carry out their financial transactions.

Post Office

The Post Office at Near East University provides postal services to all students and staff. It is located on campus for easy access to both send and receive mail.

Location: Ground Floor, Faculty of Economics and Administrative Sciences

Near East Fuel Station

The on-campus fuel station provides university staff with a fast and convenient way to meet their fuel needs. In addition, all Near East University employees can benefit from discounted fuel services by using the Near East Fuel Discount Card. For more information about Near East Fuel Station, please visit the official website: <https://yakindoguakaryakit.com/>

Useful Phone Numbers

For more details about telephone contacts at Near East University and to find the phone numbers for specific departments or services, please visit the university's official website: <https://neu.edu.tr/telefon-rehberi/>

Campus Traffic Rules and Safety

Near East University's campus is subject to specific traffic rules to ensure the **safety and comfort** of students, staff, and visitors. These rules are **monitored 24/7** by NEU personnel, and **penalties may be applied** in case of violations. A full understanding and application of these rules contribute to creating a safer and more orderly campus environment.

Traffic Flow and Right of Way: Traffic on the NEU campus flows in the left lane. Therefore, drivers must keep left and follow the right-of-way rules to ensure smooth traffic movement.

Pedestrian and Bicycle Priority Campus: Please give priority to pedestrians and cyclists in crosswalks and designated bike lanes. Slow down and proceed with caution in these areas to ensure safety.

Speed Limit: The maximum speed limit on campus is 40 km/h. Adhering to this limit significantly reduces the risk of accidents and enhances overall safety.

Horn and Loud Music: Using car horns and playing loud music is prohibited on campus. Following this rule helps maintain a peaceful environment for everyone.

Traffic Signs and Directions: Traffic signs and directional markers are placed throughout the campus to support safe and orderly traffic flow. Please always follow these signs.

Routes and Parking Areas: Use designated driving routes and park only in designated areas in accordance with the campus parking regulations. This ensures safety and avoids traffic disruption.

Monitoring and Security: Traffic rules are regularly monitored by security personnel. Please follow their instructions and do not hesitate to ask for help if needed. Adhering to safety measures ensures a smooth and respectful traffic environment for all. By respecting these rules, we can collectively contribute to a safer and more peaceful campus.

Transportation Services

Near East University provides its staff with comfortable and free transportation options, ensuring easy access to both the campus and surrounding areas. The university's transportation services cover routes that are scheduled according to class and work hours. Free university buses departing from the campus and heading to various regions and the city centre offer a wide transportation network. This service aims to reduce vehicle usage and promote environmentally friendly shared transport. Free transportation services are a significant support in facilitating the daily lives of staff.

Campus–Nicosia and Nicosia–Campus Routes: Shuttle services between the campus and Nicosia operate from 06:45 AM to 10:15 PM. These reciprocal services allow our staff to travel comfortably and safely between the campus and Nicosia. The routes cover a wide area. Detailed information about transportation services and routes is available on the university’s website: <https://bus.neu.edu.tr/>

Intercity Free Shuttle Services: Near East University offers free shuttle services for staff commuting from regions such as Kyrenia (Girne), Famagusta (Mağusa), and Güzelyurt. These services are organized to ensure staff can reach the campus comfortably.

In-Campus Shuttles: Within the campus, there is a free shuttle service between the residential area and faculties or other administrative units. These shuttles facilitate quick and easy access across campus.

Walking Distance Accessibility: The Near East University campus is designed to allow safe walking access to most places. Classrooms, the library, the dining hall, and other key facilities are located within short walking distances. The campus design promotes physical activity and minimizes the need for motor vehicles. Additionally, the university provides alternative eco-friendly transport options such as bicycles and electric scooters for staff use.

By offering these transportation options, Near East University enables its staff to easily access campus events and resources. It supports its personnel in maintaining a productive work-life balance through a safe and extensive transportation network across its large campus area.

Near East University | Faculty of Pharmacology
